

DIRECTIONS TO
PLATEAU LAND AND WILDLIFE MANAGEMENT

From Dripping Springs:

The offices of Plateau are on the *south side of Highway 290W in the Center Lake Office Park, about 5 miles east of Ranch Road 12*. When you pass Sunset Canyon Pottery on the right you are less than a mile away. As you see the Inner Step Office Park sign on your right start braking and signal for a right turn. Turn into the first driveway for Center Lake and head straight back into the complex. We are in Suite 1100 , which is the two story building at the back of the business park (in front of the “lake”). There are signs on both sides of our building that say “Plateau”.

From Oak Hill/Austin

The offices of Plateau are on the *south side of Highway 290W in the Center Lake Office Park about 8 miles west of the "Y" in Oak Hill*. (The “Y” is a local landmark in S.W. Austin where Highways 290 and 71 split after being one road through South Austin.) We are 2 miles west of the light at the Nutty Brown Cafe in Cedar Valley. You will see a mile of white rail fence on the right at the Polo Club Estates development and a traffic light at Sawyer Ranch Road. Just after you pass the light and the end of the fence, start braking and signal for a left turn into our office park. Turn into the second driveway for Center Lake and head straight back into the complex. We are in Suite 1100 , which is the two story building at the back of the business park (in front of the “lake”). There are signs on both sides of our building that say “Plateau”.

14101 Hwy 290W, Ste. 1100 B • 512-894-3479
