

**Plateau Land & Wildlife Management
Temporary Wildlife Services Field Technician**

The Products and Services Division is hiring temporary technicians to help with the spring fire ant treatment season. Applicants must exhibit strong communication skills, an ability to interact with clients/land owners in a professional manner, and an ability to work in a team setting or individually unsupervised.

Plateau Land and Wildlife Management has a service area that includes multiple counties in Texas. **All Technicians must be prepared for occasional long drive times to and from client properties.**

Technicians must have the stamina to walk long distances over varied terrain. **Physical fitness and endurance are required.**

Experience with handheld GPS units and orienteering skill is preferred. Mileage will be reimbursed at 50 cents per mile for trucks and 44 cents per mile for cars. A typical work week consists of 40 hours Monday-Friday with the possibility of overtime. Pay rate is \$8.50-\$10.50 per hour.

Start date is March 16th - May 31st
